Svar på søknad om generell godkjenning av utenlandsk høyere utdanning

Navn: KAMIL SARBIAN
Født: 11.07.1994

Utdanning du har søkt om godkjenning av

Grad/kvalifikasjon:	Inzynier
Utstedt av:	Akademia Humanistyczno-Ekonomiczna w Łodzi
Land:	Polen
Fagområde:	Information Technology, Coding Technologies
Avslutningsår:	2024
Normert studietid:	3.5 år

Vedtak

Utdanningen godkjennes som likestilt med en norsk bachelorgrad og i tillegg 0,5 års høyere utdanning på bachelorgradsnivå.

Begrunnelse for vedtaket

For at en utenlandsk utdanning skal kunne godkjennes som likestilt med en norsk bachelorgrad (3 års høyere utdanning / 180 studiepoeng), må utdanningen være en fullført bachelorgrad eller tilsvarende, ha et omfang på minimum 3 godkjennbare år og skal normalt gi opptak til mastergradsstudier i utdanningslandet. Alle vilkårene må være oppfylt for at utdanningen skal kunne gis gradslikestilthet.

Utdanningen din er en fullført førstesyklusgrad med et omfang på 3,5 godkjennbare år. Den gir opptak til videre studier på mastergradsnivå i Ukraina.

Utdanningen oppfylder vilkårene og kan derfor gis gradslikestilthet med en norsk bachelorgrad.

Det norske gradssystemet

I det norske gradssystemet er høyskolekandidatgrader normert til 2 år / 120 studiepoeng og bachelorgrader til 3 år / 180 studiepoeng. Integreerte mastergrader er normert til 5 år / 300 studiepoeng. Mastergrader som bygger på bachelorgrader, er normert til 1-2 år / 60-120 studiepoeng. Doktorgrader (ph.d.) er normert til 3 år (det gis ikke uttelling i studiepoeng). I norsk

høyere utdanning tilsvarer ett års fulltidsstudier 60 studiepoeng, og ett semester tilsvarer 30 studiepoeng.

Lovgrunnlag

Vedtaket er fattet i henhold til [universitets- og høyskoleloven § 9-7](#) og [forskrift om generell godkjenning av utenlandsk høyere utdanning](#).

Du kan klage

Du har rett til å klage på dette vedtaket etter [forvaltningsloven § 28](#). Fristen for å klage er tre uker fra du mottar dette brevet. Du kan klage ved å fylle ut og sende inn klageskjemaet i søkerportalen. Mer informasjon om hvordan du klager finner du i søkerportalen og på nettsidene våre.

Du har rett til innsyn

Du har rett til å gjøre deg kjent med sakens dokumenter etter [forvaltningsloven §§ 18](#) og [19](#). Hvis du ønsker innsyn i saken din, må du sende oss en skriftlig henvendelse hvor du ber om dette.

Vi kan bekrefte at vedtaket er ekte

På nettsidene våre finnes informasjon om hvordan dette vedtaket kan verifiseres.

Med vennlig hilsen

Grzegorz Kielb
rådgiver

Dokumentet er elektronisk signert og har derfor ikke håndskrevne signaturer.

Vedlegg: Information on decisions - Foreign higher education

Information on decisions from the Directorate for Higher Education and Skills

You have received a decision where your foreign qualification has been assessed against Norwegian higher education qualifications. This appendix provides more information about:

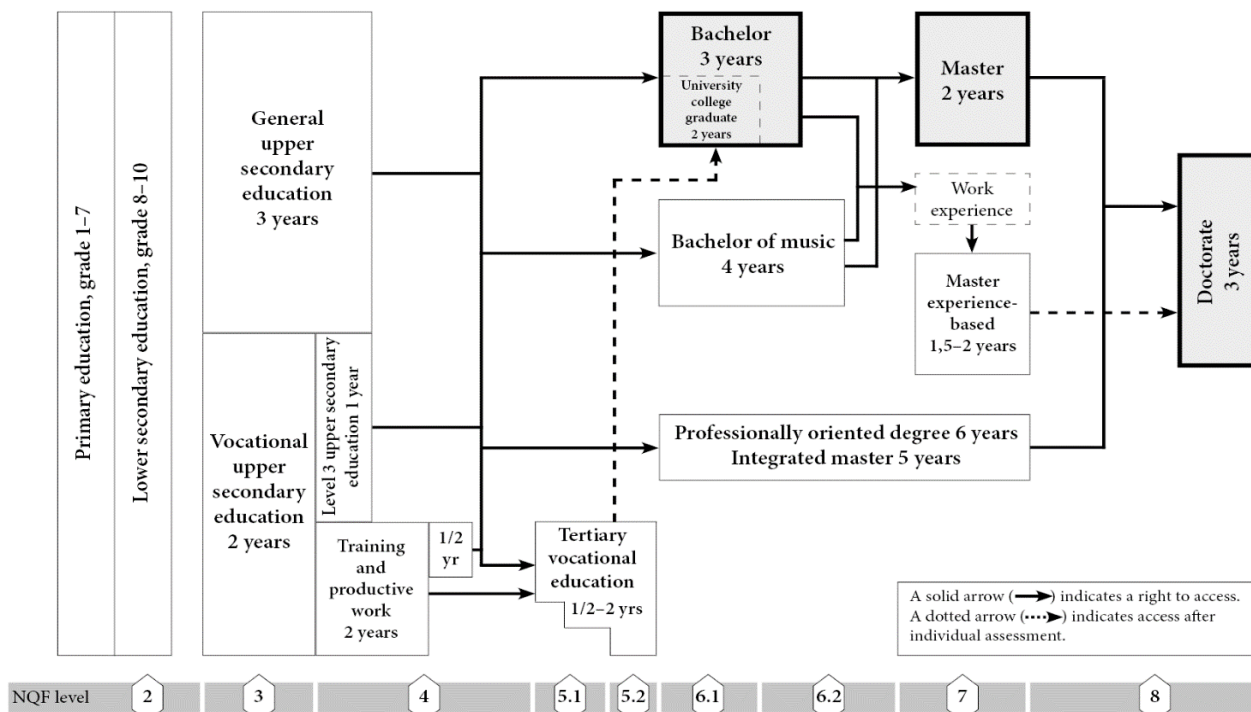

1. *The content of the assessment*
2. *The Norwegian education system*
3. *How your education has been assessed*
4. *Right of appeal*
5. *Uses for a decision on general recognition of foreign higher education*

1. The content of the assessment

Oppnådd grad/kvalifikasjon	Name or title of the qualification you have completed.
Utdanningsstatus	If you have not completed your qualification, the status of your qualification will be given as incomplete ('avbrutt utdanning').
Type dokumentasjon	Name of the document that forms the basis for our assessment.
Utstedt av	Educational institution or authority that issued your qualification.
Land	The country where the educational institution is located.
Avslutningsår	The year you completed your qualification.
Fagområde	The subject area/specialisation of your qualification.
Normert studietid	Nominal length of study / standard study time (full-time programme).
Studieperiode	The period of time in which the qualification was obtained.
Antall fullførte år/semester	Number of completed years/semesters of study.
Vurdering	Our assessment of the scope/workload and level of your education in relation to the Norwegian education system, and whether your qualification can be equated with a Norwegian degree.
Begrunnelse & Tilleggsopplysninger	Explanation of how we have arrived at the result. This may include references to external sources, relevant terminology, or specific details about the assessment.

General recognition of foreign higher education is system-based, which means that we assess foreign qualifications against the Norwegian education system (described on the next page).

2. The Norwegian education system

The Norwegian degree system is a three-cycle structure consisting of a three-year bachelor's degree (180 ECTS credits), a two-year master's degree (120 ECTS credits) and a three-year Ph.D. degree.

In addition, there is a first-cycle university college candidate degree with a nominal length of study of two years (120 ECTS credits). Integrated master's degrees have a nominal length of study up to five years (300 ECTS credits), whereas experience-based master's degrees have a nominal length from one-and-a-half years up to two years (90-120 ECTS credits). A few shorter master's degrees of 60-90 ECTS credits are also issued. Certain integrated professional degrees have a nominal length of up to six years (360 ECTS credits).

Norwegian qualifications are described in the [Norwegian Qualifications Framework for Lifelong Learning \(NQF\)](#). NQF was referenced to the European Qualifications Framework for Lifelong Learning (EQF) in 2014.

3. How your education has been assessed

Our recognition service is an assessment of formal higher education qualifications. It is a system-based assessment of the level and scope/workload of foreign education. We do not assess the academic content or learning outcomes of the education. We also do not assess studies with a scope of less than one semester.

Our assessment procedure includes the following steps:

- Document control and authenticity assessment.
- Checking the accreditation status of the qualification in the issuing country.
- Assessing whether your education is at the level of Norwegian higher education, by comparing the education systems in Norway and the country of education. If there are substantial differences, the first year (or the first two years) may not be recognized as higher education in Norway. [Read more about the GSU-list.](#)
- Assessing the level of the foreign qualification in relation to the Norwegian higher education system.
- Assessing the scope (workload) of your qualification in terms of nominal length of study.
- Assessing whether your qualification can be recognized as equivalent to a Norwegian university college graduate degree, bachelor's degree, master's degree or PhD).

[Read more about our requirements for recognition.](#)

4. Right of appeal

If you disagree with our assessment of scope, level or degree equivalence of your qualification, you can contact us for clarification and more information before you submit an appeal. If you wish to appeal our decision, you must fill out and submit the appeal form in the applicant portal. The deadline for appeals is three weeks from the date you receive the decision.

Your appeal must include information about:

- what you are appealing against
- the changes you wish to achieve
- why you think the decision is wrong.

You are welcome to upload additional documentation with your appeal to strengthen your case.

When we receive your appeal, we will reassess your application. If we do not uphold your appeal, it will be forwarded to the appeals body. [Read more about the processing of appeals.](#)

5. Uses for a decision on general recognition of foreign higher education

A decision on general recognition of foreign higher education is primarily aimed at the labour market and can be used when applying for jobs in professions that are not regulated by law. The decision can also be used for salary placement.

We hope you find the decision useful!
